

## **Galveston Historical Foundation 2007/2008 Historic Preservation Awards Nomination**

The Galveston Historical Foundation needs your help in recognizing outstanding projects involving the historic buildings and neighborhoods on Galveston Island. Award-winning projects can include private residences, commercial properties, publicly owned buildings and not-for-profit institutions. We realize the value that actively used historic buildings bring to our community. These awards are a way to recognize and promote outstanding work in historic preservation, adaptive use and sensitive additions or modernizations.

Nominations will be judged on the basis of the following criteria:

- Sensitivity to the historic integrity of the building and its site, including streetscapes,
- Preservation or replication of historic materials and quality of project craftsmanship,
- Impact of the project on the preservation of Galveston's historic fabric, neighborhoods and resources.

The 2008 Preservation Awards will be considered for projects completed after January 1, 2006. A project can be nominated either by the property owner or by another individual or group, such as a neighborhood organization, building contractor or architect. An awards ceremony will be held in May, National Historic Preservation Month

### **APPLICATION GUIDELINES**

- ❖ All materials must be clearly identified with the name/address of the nominated project.
