Dear Educator,

Thank you for your interest in the Galveston Historic Seaport’s *Historic Tour of the 1877 Iron Barque ELISSA* program. This program provides students with the opportunity to experience history by analyzing artifacts and primary documents. This Educator’s Packet has been developed to enhance your class visit to the Galveston Historic Seaport.

The information and lessons in this packet should help you correlate your classroom lessons with your field trip to the Galveston Historic Seaport.

The Galveston Historic Seaport’s Education Department recommends looking over the FAQ *packet* and using the *Pre-Visit* lesson plans before your field trip to the 1877 Iron Barque Elissa. The *Post-Visit* lesson plans will help reinforce concepts learned during our program.

This *Education Packet* reflects Galveston Historical Foundation’s mission to broaden public awareness of maritime preservation and the seafaring legacy of Texas and the Gulf Coast.

We look forward to your visit!

Sincerely,

Education Staff

Photograph of the 1877 Iron Barque ELISSA

**Directions:** Look closely at the picture of the ELISSA. After you have examined the picture, answer the following questions:

1. Describe the ELISSA.
2. Where might you find the ELISSA and other ships like her?
3. What might the ELISSA have been used for?
4. Who might have worked on the ELISSA?
5. What might you find onboard the ELISSA?
Introduction to the 1877 Iron Barque ELISSA

Directions: Read the brief summery of ELISSA’s history and answer the questions at the end of the workbook.

In the mid 1800s, the Golden Age of Sail was in its decline and steamships were rapidly replacing sailing vessels in the maritime trade industry. By 1877, steamships were quickly and efficiently transporting imported and exported goods to countries around the world. Even though the engine meant less room for cargo, it required less manpower and wasn’t dependent on favorable winds. Enter Henry Fowler Watt, a wealthy Liverpool businessman whose passion for sailing inspired him to overlook the growing popularity of the steamship. With the help of Alexander Hall and Company, a world-renowned shipbuilding firm based in Aberdeen, Scotland, Watt commissioned a magnificent three-masted, iron-hulled sailing vessel—the ELISSA.

Launched from Aberdeen, Scotland in 1877, Watt capitalized on ELISSA’s design to transport cargo to and from less developed ports. At the time, Galveston was a busy port city. Many ships from different countries traveled into Galveston to unload and take on cargo. The ELISSA arrived in Galveston twice, once in 1883 and again in 1886, bringing a cargo of bananas and leaving with a hold full of cotton in 1883. She sailed under Watt’s ownership until 1897 when, due to financial bankruptcy, he was forced to sell ELISSA to Bugge & Olsen of Norway where she was renamed the FJELD.

ELISSA has been sailed under six different national flags—British, Norwegian, Swedish, Finish, Greek, and American—and has been renamed several times: the ELISSA, then FJELD, later GUSTAF, CHRISTOPHOROS, and ACHACIOS, then finally PIONEER. Until she was purchased by Galveston Historical Foundation in 1975 she transported cargo around the world. Today, ELISSA exists as a living museum ship and continues to sail in the waters of the Gulf Coast, proudly representing Galveston Historical Foundation, the maritime legacy of Texas, and the historic traditions of seamanship from an era long since passed.

Letter Writing Activity

**Directions:** Imagine you are an officer on board ELISSA in 1877. You are writing a letter to a friend back home. Your job is to either convince them to either join ELISSA's crew or dissuade them from a life at sea. In the space below, write a paragraph describing your experience on board. Include at least three reasons why your friend should or should not join the crew. Fill in the box with an illustration that will support your argument. Use the organizer provided on the next page to structure your paragraph.
